

# Safe Susquehanna Crossing Coalition

The Susquehanna Bridge Coalition is a group of organizations and companies dedicated to the development of a pedestrian and bicycle bridge across the Susquehanna River between Havre de Grace and Perryville, Maryland. Join the East Coast Greenway in this coalition to strongly promote the need for a pedestrian and bicycle bridge across the Susquehanna River.

The 2035 Maryland Transportation Plan and the Draft Maryland Twenty-Year Bicycle & Pedestrian Master Plan set strong goals for enhancing non-motorized transportation in Maryland. A rail bridge, if properly designed and built with accommodation for walkers and cyclists, will meet the goals of the 2035 Maryland Transportation plan Twenty-Year Bicycle & Pedestrian Master Plan. What will this bridge look like in 100 years? Will it meet Maryland's goals of accommodating all modes of transportation?

Please join the East Coast Greenway Alliance in this coalition as we urge MDOT to build bridge/s that will serve all modes, connecting communities by rail, bike, and foot, and automobile for the next 100 years.

Together we can make our voices heard as we call for healthy and sustainable transportation infrastructure.

Email [andy@greenway.org](mailto:andy@greenway.org) or visit [www.greenway.org](http://www.greenway.org) to lend your support to the Coalition and learn more about the effort.
